## Information re: Visa Process

For many countries, there are visa requirements in place by the Government of Brazil. As many of you are already aware, the Government of Brazil will require that all holders of US, Canadian, and Australian passports seeking to enter Brazil on and after April 10, 2025, first obtain a visa. The process is entirely online. Please [click here](#) to read about the experience of one of our Executive Committee members who recently obtained a visa on a US passport.
